Student of BCA || Pursuing Software Engineering || DSA with java || java || javaScript || React || Front developer || MERN Full-Stack Developer || HTML || CSS || Node.js || MongoDB || MySQL || Bootstrap ||

Lakhisarai, Bihar, India

Summary

I am a BCA student passionate about Web Development and Software Engineering.
Skilled in Java, JavaScript, React.js, Node.js, and the MERN Stack.
Currently practicing Data Structures & Algorithms in Java to improve problem-solving skills.

I have built projects like Weather App, Calculator, To-Do List, and Portfolio Website.
I am eager to apply my skills in internships and entry-level opportunities where I can learn and contribute as a Full-Stack Developer.
